

Challenging genetic disorders

## Chronic Granulomatous Disorder Research Trust

### Guide for Preliminary Applications

All would-be applicants should complete the two-page outline form summarising the research proposal and giving an estimation of the costs. Details should be given of the potential benefit to individuals affected by CGD.

The purpose of the preliminary proposal is to establish that your work clearly falls within our remit so please read this document in conjunction with the attached CGD research strategy document.

**The deadline for preliminary applications in 2008 is the 28<sup>th</sup> July. Note Section 4 should be no longer than two pages.**

**Please fill in the attached form and return to**

**Email address:** [suze@kisterwalsh.fsnet.co.uk](mailto:suze@kisterwalsh.fsnet.co.uk)

**Postal address:** Dr Susan Walsh  
Research Officer  
CGD Research Trust  
110 Bloomfield Road  
Bath, BA2 2AR, UK.

Please note that not all applications are taken forward to the full application stage. You will be contacted concerning the decision on the preliminary application and if the outline proposal is acceptable, a full application form will be forwarded and you will be advised of the closing date. However, please note that grant awards will not be made until early 2009.

Members of our Medical Panel and Trustees assess preliminary applications.

Full grant applications are subject to full peer review by at least two independent external referees and are considered by our Medical Panel who meet in January each year.

The decision to approve a grant is made by the Trustees on the recommendations of our Medical Panel.

**Please note** Funds are available for projects to cover salary and consumables for persons employed **full-time** on a research project. **We will not fund the salary components of principal investigators.** The Charity will not consider payment of indirect costs examples of which include: institutional overheads; subscription charges to professional organisations; registration and travel to conferences; financial services; personnel services; recruitment costs; public relations; institutional libraries; departmental services (administration, secretarial, printing, photography); telephone charges; postage and courier services.

Preliminary applications

**Preliminary Application Form**

**1. Details of applicant(s)**

**Please note that the principal applicant should be in a tenured position in a hospital or university.**

Name(s)	
Institution(s) involved	
Present position of Principal Applicant	
Contact address	
Telephone	
E-mail	

**2. Title of project**

<b>Length of project (in years)</b>	
<b>Estimated overall cost of project</b>	

Preliminary applications

**3. A description of project in the space below.** This should include a title that is easily understood by our lay reviewers, how your proposed research will benefit CGD patients and why you feel that the application is relevant to the aims of CGD Research Trust. Please use **layman's terms** and avoid technical terminology where possible (***please take some time to consider and write this. This section plays a significant part in the review process.***)

## Preliminary applications

**4. In this section please give a clear definition of the specific problem to be addressed, a reasoned argument for how this problem will be tackled, some background, with evidence from previous published work and/or preliminary data to support the hypothesis, a brief plan of the proposed experiments and the predicted outcome(s). This section should be no longer than two pages.**
